NEW AND VALUATION SCHOOL

ITHE attention of School Committees, Traches and Parenty is invited to the externation of the "JUVESILE REALIER," a selection of easy Reading Leszons, by a Teacher, a new edition of which, leed and corrected, we have just published 1 theneved that the book is one which has been very much wanted in our common schools, and in deed it was compiled at the request of many of our best Leachers. The compiler is a gentleman of known abilities and long experience in his pro-tession. The pieces in this book, are chiefly sclected from popular works des gned for youth, and it is believed, will have a healthy moral influence m those schools in which it is adopted. The book comes at a very low price and nas been adopted in a great many. Schools with decided approbation, and having been stereoty ed, is free Iron he danger of having any alterations made in the which is the greatest trouble with all school locks
